Conclusion:

Chhatrapati Shahu Maharaj Shikshan Sanstha's Dental College and Hospital, Kanchanwadi, Chh. Sambhajinagar is always bound to the duties related to society and this distinctiveness activity is related to oral health awareness and Dental treatment of the most needy people of society.

Institute helps to the old age citizens of Matoshree Vrudhashram and orphan children of Bhagwan Baba Balikashram regarding the dental problems and treatments.

By this activity institute creates awareness of fulfilling the social responsibilities among the students in the field of oral health care and get more exposure and practice.

During entire year we had taken check up camps and examined on an average 150 old patients age group ranging from 35 to 90 years at Matoshree old age home; And orphan children age group ranging from 3 to 16 years at Balika ashram.

We observed many dental illness in both home people ,even many patient require full mouth rehabilitation. These patients need frequent visits for oral care and treatments.

It also helps to creat a motive in our dental students to help the orphan children and old age people .
